December 18, 2019

Carnegie Fabrics offers surface materials across many product categories that comply with the Healthier Hospitals (HH) Safer Chemicals Challenge, Version 2. The products listed do not contain any intentionally added flame retardants, formaldehyde, perfluorinated compounds, antimicrobial agents, or PVC (also known as vinyl), and conform to the requirements under the HH Safer Chemical Challenge. As a recognized leader in healthy textiles, Carnegie Fabrics is known for providing products with reduced environmental impact. Furthermore, Carnegie is the only textile/wallcovering company in this industry to have a 100% PVC free policy. In accordance with the goals of the Healthier Hospitals, version 2.0, the products listed herein avoids the use of antimicrobials and flame retardants, or meets the exemption criteria stated in HH Safer Chemicals Challenge, latest version. For further information,

Fabrics described herein meet Health Care Without Harm’s Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.

Please call Carnegie Fabrics at 516-678-6770 or visit <http://www.carnegiefabrics.com>.

Sincerely yours

Charles L. Griffin, Director of Product Integrity and Quality
