MASHstudios

HEALTHIER HOSPITALS INITIATIVE.

MASHstudios confirms that the products in this presentation can be manufactured to meet Healthier Hospitals Healthy Interiors criteria, which requires that all of these products:

- Have no chemical flame retardants.
- Have no antimicrobials, unless added to raw materials for the sole purpose of preserving the product.*
- Have no long- and/or short-chain per- and poly-fluorinated alkyl compounds and no fluorinated polymers used as stain, water, or oil resistant treatments.
- Comply with the ANSI/BIFMA e3-2014 Furniture Sustainability Standard, Sections 7.6.1 and 7.6.2, relating to formaldehyde emission.
- Contain less than 1% (one percent) of polyvinyl chloride (PVC) by weight, excluding electrical components.*

Additionally, we confirm the following information about our products:

- Customer is responsible for specifying upholstery/options that meets the above criteria or customers may choose to provide COM.
- Please include the indication "HH Compliance Required" on each item line on the official PO.

Products described herein meet Health Care Without Harm's Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.
