Healthier Hospitals
Compliant Products

Sandler is pleased to provide this comprehensive list of our products that meet the guidelines of the Healthier Hospital Healthy Interiors Criteria, Version 2.3. We confirm that the products listed below, based on information provided by our suppliers, DO NOT contain:

- Formaldehyde
- Per and poly fluorinated compounds (PFAS)
- Polyvinyl chloride (PVC)
- Chemical antimicrobials
- Intentionally added flame retardants.

It is important to note that for upholstered products, it is the specifiers responsibility to choose cover materials that also comply with HH standards. Sandler is not responsible for vetting either COM or graded in materials. Additionally, all Sandler products meet California Technical Bulletin 117-2013.

Further information and technical specifications for each product is available upon request.

Disclaimer:

Furniture / fabric / products described herein meet Health Care Without Harm’s Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.
