HEALTHIER HOSPITALS

product list
HEALTHIER HOSPITALS

Scandinavian Spaces is committed to promoting healthy interiors. The following select furniture meet the requirements of Health Care Without Harm’s Healthy Interiors criteria, v2.3.

The products specified above conform to the criteria below:

1. Formaldehyde: Products listed are GreenGuard Gold certified tested in accordance with ANSI/BIFMA Standard Method M7.1–201 and comply with ANSI/BIFMA e3–2019 Furniture Sustainability Standard, Sections 7.6.1 and 7.6.2.

2. Per and poly-fluorinated alkyl substances (PFAS): Products must not use water or stain repellent treatments that contain PFAS.

3. Polyvinyl chloride (PVC): Products must not contain PVC. However, products made up of less that 1% of PVC by weight are exempt.

4. Antimicrobials: Products must not contain antimicrobials unless added for the sole purpose of preserving the product.

5. Flame retardants: Products must not contain flame retardants.

* Please note that it is not feasible to provide laboratory testing data for every variation of product and material.

Any fabric (COM or Graded In) applied to these products must be vetted separately for Healthy Hospitals compliance.

DISCLAIMER: Furniture/fabric/products described herein meet Health Care Without Harm’s Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.
