Sunbrella® Contract supports the Healthy Interiors Program

Health Care Without Harm encourages manufacturers to engineer materials to be free of certain chemicals of concern, per HCWH’s Healthy Interiors criteria v2.3.

Sunbrella Assure Upholstery fabrics are specifically designed for healthcare spaces, as they meet the requirements of Health Care Without Harm’s Healthy Interiors criteria, v2.3. Sunbrella Contract fabrics have always been engineered to withstand the specific challenges of healthcare and commercial spaces. We work with top partners in the business to bring beautiful, soft, and durable contract textiles to demanding healthcare spaces.

Sunbrella Assure Upholstery fabrics are also third-party certified to the STANDARD 100 by OEKO-TEX®, which means that they are tested for harmful chemicals and are deemed safe for their end use. Sunbrella Assure is certified GREENGUARD® Gold, a certification that helps buyers find products with low chemical air emissions, to contribute to healthy indoor air quality. These fabrics also achieve silver rating when assessed per the facts® NSF/ANSI 336 multi-attribute sustainability standard for commercial furnishing fabrics, making them a sustainable choice for projects.

To browse fabrics, be sure to select the filter for “Special Finishes: Sunbrella Assure”.

Contact your Sunbrella representative to discuss Sunbrella Assure and how it can best meet the needs of your next project.

Fabrics described herein meet Health Care Without Harm’s Healthy Interiors criteria according to the manufacturer. Health Care Without Harm and Practice Greenhealth do not verify this information.
